Re: Denali Commission Solid Waste Grant #265-07

Dear Ms. Rietveld:

As we discussed, the \$1,148.25 remaining after completion of the scope of work on Solid Waste Grant #265-07 should be returned to the Denali Commission.

I fully understand your rationale for using the funds to undertake retro fitting of the recycling center loading dock's community bins. Unfortunately, that expenditure was outside the scope of the project and such expenditure could only occur after execution of a formal amendment to the scope of the project.

Accordingly, please send a check in the amount of \$1,148.25 to the Denali Commission in order that we can complete close-out of the referenced grant.

I hope that the Denali Commission Solid Waste Program can be useful to your excellent work with ROAR in the future.

Cordially,
